AN ACT to amend 40.23 (2m) (e) 1.40.23 (2m) (e) 2.40.23 (2m) (e) 3. and 40.23 (2m) (e) 40.23 ((2m) (e) 4. of the statutes; relating to: making an accelerated distribution from the transaction amortization account of the fixed retirement investment trust of the employe trust fund and increasing the retirement formula multiplier for participating employes in the Wisconsin retirement system.

Analysis by the Legislative Reference Bureau

Under current law, when a participant in the Wisconsin retirement system (WRS) terminates covered employment and becomes eligible for a retirement annuity, one of the ways in which the amount of his or her annuity is determined is by multiplying the participant's final average earnings by the participant's years of creditable service and by a percentage multiplier. For a protective occupation participant who is covered by social security, an elected official and an executive participating employe, the percentage multiplier is 2%. For a protective occupation participant who is not covered by social security, the percentage multiplier is 2.5%. For all other participants in the WRS, the percentage multiplier is 1.6%.

This bill increases the percentage multiplier for all classes of participants in the WRS for creditable service that is earned before January 1, 2000. For a protective occupation participant who is covered by social security, an elected official and an executive participating employe, the percentage multiplier is increased to 2.2%. For a protective occupation participant who is not covered by social security, the percentage multiplier is increased to 2.7%. For all other participants in the WRS,

ations indicated, amend the amendment as follows:

ASSEMBLY BILL 260

the percentage multiplier is increased to 1.8%. The increase in the percentage multiplier first applies to the calculation of retirement benefits for individuals who are participating employes in the WRS on January 1, 2000, or on the effective date of the bill, whichever is later. For all creditable service that is earned on or after January 1, 2000, however, the bill provides that the current law percentage multipliers will apply.

Under current law, a fixed retirement investment trust (FRIT) and a variable retirement investment trust are maintained within the public employe trust fund under the management of the investment board. Within the FRIT, a transaction amortization account (TAA) is maintained that is used for the purpose of smoothing out fluctuations in unrecognized gains and losses in the value of FRIT assets. The balance of the TAA closely parallels the difference between market value and the adjusted book value of the assets. Annually, 20% of the balance of the TAA is distributed to the fixed annuity reserve, the fixed employer accumulation reserve and the fixed employe accumulation reserve.

This bill provides that on January 1, 2000, or on the effective date of this bill, whichever is later, \$2,100,000,000 is to be distributed from the TAA to the fixed annuity reserve, the fixed employer accumulation reserve and the fixed employe accumulation reserve in an amount equal to a percentage of the total distribution determined by dividing each reserve's balance on the prior January 1 by the total balance of the fixed retirement investment trust on the prior January 1. Under the bill, the increase in the fixed employer accumulation reserve that results from the distribution shall, on the recommendation of the actuary, be first applied to funding any liabilities created by the bill.

This bill will be referred to the joint survey committee on retirement systems for a detailed analysis, which will be printed as an appendix to this bill.

For further information see the **state and local** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

#. Page 535, line 6: after that lane insert:

Section 7. $40.23 \, (2m) \, (e) \, 1.$ of the statutes is amended to read:

2 40.23 (2m) (e) 1. For each participant for creditable service of a type not

3 otherwise specified in this paragraph that is credited before January 1, 2000, 1.8%;

for such creditable service that is credited on or after January 1, 2000, 1.6%.

Section 2. 40.23 (2m) (e) 2. of the statutes is amended to read: 942 h

ASSEMBLY BILL 260

1 40.23 (2m) (e) 2. For each participant for creditable service as an elected official or as an executive participating employe that is credited before January 1, 2000, 2 3 2.2%; for such creditable service that is credited on or after January 1, 2000, 2%. **SECTION 3**/40.23 (2m) (e) 3. of the statutes is amended to read: 4 40.23 (2m) (e) 3. For each participant subject to titles II and XVIII of the federal 5 6 social security act, for service as a protective occupation participant that is credited before January 1, 2000, 2.2%; for such creditable service that is credited on or after 7 8 January 1, 2000, 2%. SECTION 4. 40.23 (2m) (e) 4. of the statutes is amended to read: 9 40.23 (2m) (e) 4. For each participant not subject to titles II and XVIII of the 10 federal social security act, for service as a protective occupation participant that is 11 12 credited before January 1, 2000, 2.7%; for such creditable service that is credited on or after January 1, 2000, 2.5%. Nonstatutory provisions ISFER OF FUNDS FROM THE TRANSACTION AMORTIZATION ACCOUNT OF THE 16 FIXED RETIREMENT INVESTMENT TRUST. (a) On the effective date of this paragraph \$2,100,000,000 shall be distributed 17 from the transaction amortization account of the fixed retirement investment trust 18 to the employe accumulation, employer accumulation and annuity reserves of the 19 fixed retirement investment trust in an amount equal to a percentage of the total 20 distribution determined by dividing each reserve's balance on the prior January 1 by 21 the total balance of the fixed retirement investment trust on the prior January 1. 22 (b) The increase in the employer accumulation reserve that results from the

distribution under paragraph (a) shall, on the recommendation of the actuary, be
